- I. Introductions
 - a. Do you have a new neighbor or know of someone new in the neighborhood? If so please ask them if we can add them to our contact list, all they need to do is provide their names, address, phone number, and email address. Let Dayna know if you have someone who needs added.
- II. City Council listening session on Feb, 8th.
 - a. We have a great park, West Linconway Park, that bustles with soccer and baseball activity, but it needs more to keep our growing communities of kids busy and active. Here is your chance to help us improve our community and park offerings. Attend the listening session on Feb. 8th at 7PM or drop an email to the Park and Rec. dept voicing what you think Lincoln way Park needs for our youth.
- III. Please remember that when it snows the better we do as a community of getting our vehicles off the street the better the city can do at cleaning our streets and helping to make our community look its best and allow our streets to be as driveable as possible.
- IV. Updates on water
 - a. No issues reported.
 - b. City reports that all repairs have been made to the dewatering pumps, they are checking them on a weekly to monthly basis and they have been operating well. Please report any groundwater issues you have to Dayna or the city asap so to lessen the impact they have.
